For the 2016-2017 school year, salary adjustments, all requirements for Level I, II and III licenses and credit hours must be completed and on file with the HR Office by October 1, 2016. Failure to meet this deadline will result in a one-year delay on the salary schedule and credit will NOT be retroactive to the previous year. All staff included on this schedule are classroom teachers, librarians, and counselors with a Level I, II or III license issued by NMPED. The placement on the salary schedule will be determined
